PRESIDENT’S MESSAGE

Wow! What a year it has been! It’s hard for me to believe that a year could have passed. Here at the Manchester Historic Association we are on a roll and great things are happening! The most significant development over the past year has been the development of our strategic plan which we finished last summer. We identified many key areas and put together a road map that will help to guide the path of the organization for many years to come. The strategic plan serves as a blueprint that will bring the Manchester Historic Association into a new era of achievement and growth.

No time was wasted after the adoption of the strategic plan. The board of Trustees and staff have fully committed to a committee based organizational structure that addresses the tasks of the strategic plan. We are committed to the careful stewardship of the historical resources under our care, and wish to make these materials available to everyone, and to keep them safe for future generations. We identified our most important goals and the committees have been hard at work.

The goals that were identified were as follows …

I. To enhance and update the Millyard Museum to better tell the story of Manchester and to encourage more visitors.
II. To sustain, improve and grow the Manchester Historic Association’s ability to educate students and adults about Manchester’s history and to serve as a resource for scholars throughout the nation and globally regarding that history.
III. To sustain, improve and grow programs to care for historical collections and to make the collections readily available to the public.
IV. To ensure the availability of adequate facilities and infrastructure needed to accomplish mission driven and organizational goals with the greatest effectiveness.
V. To increase organizational effectiveness.
VI. To ensure the long-term financial success, growth and sustainability of the Manchester Historic Association.

Each goal has strategies associated with it that work towards its accomplishment. The strategic plan will be continuously reviewed, revised and expanded as we understand that it is a living, breathing document that may need to change with time. Since the inception of the new plan we are proud to announce the addition of the Development Director position which throughout our process was considered an absolute necessity.

In today’s world it gets increasingly difficult and competitive to operate as a non-profit. We are confident that the Manchester Historic Association has an extremely competent and diverse Board of Trustees and exceptional staff that will allow us to pave the road for future generations. History is created every day and it is the fabric that weaves generations together. Please come visit and make sure to check us out as we protect, preserve, share and promote Manchester’s great history!

Matthew J. Kfoury, President, Board of Trustees
TREASURER’S REPORT

The trustees and staff of the Manchester Historic Association took significant steps to shore up the organization’s financial position in 2013, increasing the level of public support by more than 10%, refinancing debt, and beginning to plan for a more aggressive development strategy.

While the level of grant funding sharply decreased, contributions and in-kind donations increased, bringing the total level of public support for the MHA’s operations to $274,025. Revenue from programs, membership, and gift shop sales saw modest growth. The upturn in the financial markets boosted the MHA’s endowment funds by $336,409 in 2013. Early results from 2014 continue to show growth in investments, contributions, and other revenue streams, a very positive sign for the future.

In 2013, the MHA’s outstanding loan was refinanced. An interest rate swap agreement in the amount of $177,899 was paid off, and the new terms with Centrix Bank will provide financial stability to the organization. A $100,000 transfer was made from investment funds to reduce the debt. At the end of 2013, the loan balance was $791,764, while net assets were nearly $7.2 million.

As the history of Manchester continues to unfold before us, the Manchester Historic Association continues to protect our past and make it accessible to people of all ages in our community. As we close the books on 2013, the MHA is on steadier financial ground and with it is our important mission.

Christopher C. Pappas, Treasurer
