FROM THE PRESIDENT

It has been another successful year for the Manchester Historic Association, on several fronts. We held several events in connection with the dedication and launching of the Navy’s newest combat ship, the U.S.S. Manchester…raised a record amount of money at our 26th annual Historic Preservation Awards at St. Anselm College (while dodging tornado forecasts!) and worked with the City to open Weston Observatory for a weekend of fall foliage viewing.

Our Board of Trustees committee structure has been especially effective this year. In particular, the Development Committee was successful in securing a $30,000 three-year grant from the New Hampshire Charitable Foundation. Thanks to an extremely generous $15,000 grant from the Manchester Rotary Club we have been able to provide tours of the Millyard Museum to more Manchester school kids than ever before. Local history is a required curriculum for New Hampshire fourth-graders and our program is always a hit with students and teachers alike.

Increasingly the Millyard Museum is a popular rental space and revenue producer. We have hosted weddings, business retreats and all manner of community meetings. Large audiences have attended beer tastings, book signings, silent movie screenings, and presentations as varied as lost love letters from World War II…covered bridges…Russian immigrants…and the Amoskeag Ledge. With the arrival of nice weather, we are about to roll out another schedule of popular historic walking tours.

Of course, we’ve had expenses, too. We’ve replaced an outdated telephone system and computer server. We’ve agreed with our landlord to some necessary pipe replacement and we are exploring new carpet for the Millyard Museum. The exterior of our Amherst Street Research Center will undergo spring cleaning in the form of a good power-wash. We are exploring options for offsite long-term storage of our collections, which are costly.

As I conclude my term as President, I’d like to express continued thanks to my fellow Trustees for their dedication. We are saying goodbye to five members. Longtime treasurer Chris Pappas resigned to run for Congress and has subsequently relocated to Washington, D.C. to represent citizens of New Hampshire’s First Congressional District. Donald Manning also resigned due to work scheduling conflicts and we are saying goodbye to Richard Bunker, Kevin Finke and Kenneth Nivison, whose terms are at an end. All have been valued members of the Board and will be missed.

“Thanks” to our small - but mighty - fulltime staff. John Clayton, Jeff Barraclough, Kristy Ellsworth and Daniel Peters have been wonderful to work with and have made my job far easier.

A final “thanks” to you, the members, partners and supporters of the Manchester Historic Association. As we begin our 123rd year we will continue to collect, preserve and share the history of this great city.

Edward W. Brouder, Jr., President, Board of Trustees
FROM THE EXECUTIVE DIRECTOR

When you work in the history business, there’s an understandable tendency to look back, but, for an institution like the Manchester Historic Association to remain relevant, it’s important to look ahead.

We are always seeking ways to make our collection and our events more accessible, and thanks to technological advances, here are some of the steps we have been taking.

The MHA recently acquired the original paper death certificates from the Goodwin Funeral Home, covering more than a century of burials here in Manchester. We have spent the past year working with the New England Document Conservation Center in Andover, Mass., on a massive digitization project. When completed this year, this treasure trove of material will be made accessible for our members and researchers.

An even more complicated venture is our recent acquisition of nearly a century of bound newspaper volumes from the New Hampshire Union Leader. Many of the earlier volumes from the Civil War era are in delicate condition and need special care. Thanks to a grant from the Norwin and Elizabeth Bean Foundation, we will soon be installing a sophisticated shelving system at our Research Center that will enable staff members to guide researchers through this new resource.

For those members with mobility issues – or for those who choose to winter in warmer climes – we have forged a great relationship with Manchester Public Television. All of our lectures, walking tours and exhibits are now videotaped for broadcast on Channel 97 in Manchester, and we are able to share video links on our various social media platforms so you never have to miss an MHA event.

Also forward looking? Consider the $15,000 educational grant we received from the Manchester Rotary Club for the 2018-2019 academic year. As the club celebrated its 100th anniversary, its members chose to celebrate by funding visits to the Millyard Museum for every fourth grade class in Manchester. By doing so, they may spark a love of our city’s history in the minds of those who will become our future members, our future trustees and a future executive director.

To be sure, I still look back from time to time, but if I’m doing my job right, I’ve got at least one eye on the future.

John Clayton, Executive Director
2018 PROGRAMS, EVENTS, AND TOURS

School Programs
In 2018, the Manchester Historic Association had a stand-out year for its education program. Bringing in Manchester schools has been an ongoing challenge for the organization for years. This year, the MHA received grants from local organizations, including a grant of $15,000 from the Manchester Rotary to pay for the buses and admission for Manchester 4th grade classes to attend programs at the Millyard Museum. The Millyard Museum welcomed almost 1,110 students from towns all over New Hampshire including Manchester, Concord, Bow, Nashua and Epsom.

**Rally Round the Flag**

For centuries, the flag has meant many things to many people. Flags are waved in times of war, times of peace, as rallies of protest, display of mourning, and joyous celebrations. A symbol of an ideal, a pursuit, a larger picture, the flag has always represented a notion of unity. Regardless of race, religion or social standing, the flag evokes a feeling in the hearts of all who lie under its protection.

This exhibit featured a variety of flags from Manchester's history and examined the stories that these flags tell.

*On Exhibit November 9, 2017– February 24, 2018*

**Manchester's Masters: An Artist’s Perspective**

Manchester is known not only for its rich industrial history, but also for the amazing men and women that have resided in these city limits. Actors, inventors, athletes and business moguls have all become part of the tapestry that is Manchester. Lesser known are Manchester's artists: talented, creative individuals with a story to tell. Immortalized by the masterpieces they left behind, each artist has told their story with watercolor, pencil or paint.

This exhibit featured works of art by five Manchester artists: Edward L. Custer, Henry W. Herrick, Omer T. Lassonde, Lisa Anne Fletcher, and George C. Soule.

*On Exhibit March 27– July 31, 2018*

Collection Highlights—2018

Burial Transit Permits
The Manchester Historic Association was pleased to add to its archives a large collection of burial transit permits from the 1880s to the early 1990s. These permits, issued at different times from the City Registrar and the Manchester Board of Health, give authorization to funeral homes for the removal of bodies to cemeteries. Information contained in the documents include date of death, cause of death, and age at death. While most records are for burial in Pine Grove Cemetery, a small number of permits are for burial in the following cemeteries: Amoskeag, Merrill, Piscataquog, Valley, and West Manchester.

The collection is organized by year of death, and available to researchers at the MHA’s Research Center at 129 Amherst Street. The Manchester Historic Association is grateful to the City of Manchester Cemetery Department for the donation of these records.

Kenison Collection
In 2018, the Manchester Historic Association received a donation of historical objects and other material from the estate of Arthur Kenison. The collection includes objects, photographs, signs, and other memorabilia relating to Manchester businesses, including the Amoskeag Manufacturing Company, 7-20-4 Cigars, and the Varick Company, as well as papers and research material related to AMC treasurer F. C. Dumaine. Among the interesting objects in the collection is an Amoskeag Manufacturing Company private telephone. The telephone, c. 1915, was designed for internal use at the Amoskeag Manufacturing Company. It features the "AMC" logo along with the instruction: "Does Not Connect With Bell Telephone System." The telephone can be seen on display at the Millyard Museum.

Ribbon & Badge Collection
The MHA's collection of over 500 ribbons and badges was added to the online catalog in late 2017/early 2018. This collection includes pins, ribbons, and badges from Manchester organizations and businesses, commemorating countless events that have been held in Manchester or by Manchester groups in the last two centuries.

A search for "ribbon" or "badge" will bring up this collection in the catalog. We wish to thank volunteer Lorette Gendron who spent countless hours entering this material into the database to make it more accessible.

TREASURER’S REPORT

The Manchester Historic Association (MHA) experienced another year of financial growth. This growth has allowed the MHA to continue preserving and promoting the history of Manchester, New Hampshire for the community.

During 2018, the MHA experienced a significant increase in its contributions and grants from a number of community members, businesses, foundations and other local organizations. These gracious contributions and grants allowed the MHA to provided educational programs to over 30 schools, serving over 1100 children and providing interpretive exhibits and other great activities to its over 500 members and the community. While the MHA’s investments experienced strong returns during 2018, those returns were not what they were in 2017 and the MHA continues to rely on the returns of its investments to fund its operational expenses. Overall, the MHA saw an increase in its total revenue and gains of approximately 9% and only a 4% increase in its operational expense. This type of return keeps the MHA on the path of financial stability.

As the MHA looks to 2019, there lies opportunities and struggles, some of which are known and there are those that have not yet been identified. With the hard work and dedication of management and the staff, guidance of the Board of Trustees, and the continued support of the volunteers and community, these opportunities and struggles will strengthen the MHA and for each day forward comes one more day of history to provide to the community.
